EXPERIENCE

CFO and Business Manager

2000-present

Mad Doc Software, LLC, Lawrence, MA www.maddocsoftware.com

Managed all business operations of high-growth software developer start-up, including Finance, Legal, Human Resources, Information Technology, and Operations functions. Directly managed business growth from eight to 50 employees, with more than doubling of revenue and contract load. Negotiated contracts, arranged bank financings, managed all legal and client affairs, brought company to profitability in one year. Direct report to CEO, with Ownership Shares in the enterprise.

Business Manager

1999-2000

Fischer Custom Builders, Arlington, MA

Managed all business operations of general contractor and custom home builder, including finance, accounting and payroll; hiring and HR; purchasing; project bidding and contract creation; client relations. Responsible for all tax and financial reporting. Oversaw profitable growth in revenues to over \$X million (sole proprietorship).

Project Coordinator

1998-1999

Harvard / Smithsonian Center for Astrophysics, Cambridge, MA

Performed financial planning and budget analysis and control for \$30 million scientific project (telescope conversion). Generated detailed and summary financial reports. Managed purchasing and assisted in contract negotiations.

Marketing Analyst

1997

San Francisco Music Box Company, Walnut Creek, CA

Performed financial and statistical analysis for catalog retailer of musical gifts and collectibles. Assisted in the development and implementation of circulation strategy, including segmentation models. Managed mailing list rental business. Created and presented financial reports to catalog and corporate management. Performed special analyses of retail strategies as a direct report to senior executives.

Graduate Researcher and Lecturer
Carnegie Mellon University, Pittsburgh, PA

1992-1996

Conducted research, developed statistical models, and wrote academic papers in economics, environmental policy, and criminology. Taught graduate courses in statistics and economics.

Corporate Strategist
Duke Energy Corp., Charlotte, NC

1991-1992

Conducted corporate strategic planning for seventh-largest U.S. electric utility. Analyzed major business issues and trends, prepared position papers on strategy, and presented recommendations to senior management. Analyzed potential investments and mergers/acquisitions in wireless communications, electric generating assets, and competing energy providers.

Financial Analyst
Duke Energy Corp., Charlotte, NC

1987-1991

Planned and coordinated bond, preferred stock and other financings. Performed capital budgeting and economic analyses, participating in major asset divestiture and acquisition negotiations. Produced investor relations presentations and publications, including the Annual Report to Shareholders. Prepared regulatory filings and rate case testimony. Developed long-term financial plans for the corporation and its subsidiaries. Managed and administered \$50 million investment portfolio as Assistant Treasurer of Church Street Capital Corp., the largest Duke Power Company subsidiary. Reported investment performance to executive officers and Board of Directors.
